

SPORTGAME PB

Engineered for Safety and Performance in Pickleball

Proven

Engineered to optimize authentic pickleball play from a company with over 45 years of experience building game courts.

Performance

Specially engineered to maximize performance while optimizing safety for pickleball players of all ages. The UV stabilizers and patented formula keeps your outdoor court looking and playing at peak performance for the life of the court.

Ball Response

Developed to optimize ball bounce and response for pickleball, with the added benefits of injury protection, maximizing play.

Safe

Lateral Forgiveness™ technology absorbs shock, lessening impact and risk of injuries, and SportGame PB's textured surface and tile formulation provide the balance between wet and dry traction and low skin abrasion keeping athletes safe.

Trusted

Sport Court is the **Official Modular Tile Surface Partner of USA Pickleball** and is featured at Professional Pickleball Association tournaments as the Official Portable Court of the PPA Tour. Players of all skill levels can experience the playability and benefits of the SportGame PB products at the grand slam tour events.

Sport Court® is proud to be the official court of the most demanding athletes in the world.

"It is exciting how much pickleball has grown in recent years and we want everyone to play the game that we love so much. Sport Court's new and innovative pickleball-specific surface is better than any other modular surface we've tried. The traction and ball bounce result in a very fun game. We are excited to see Sport Court pickleball courts popping up around the country, providing families and individuals more opportunities to play."
